

Falcondale Mansion Hotel

Grrruff Guide for Dogs (and their owners)

To ensure that dogs and their owners have an enjoyable stay here at the Falcondale Mansion Hotel, please read and abide the following guidelines

Booking Your Stay

As dogs tend to shed a little more hair than their owners a small cleaning charge will be made

Before Arrival

Ensure you pack everything that your dog might need – blankets, food bowls, poo bags, leads etc. etc.

Arrival

If you find that you have forgotten anything please ask at reception. We have a few items that you can borrow during your stay if needed

Your Bedroom

Should your dog accidentally cause any damage to the room fixtures or fittings, the cost of repairs or replacement will be charged

Public Lounges

We do allow dogs in the lounge areas as long as our other residents and guests do not mind

Meal Times

We can store fresh meat or titbits in our freezer or refrigerator as long as it is suitably packaged. No dogs will be allowed in either restaurant

Exercising

There are plenty of paths and tracks within the hotel grounds, but if you like to stretch your legs further ask at reception for information regarding longer walks in the area.

Remember to clean up after you when out and about

Other Dogs

Pudgley and Major are the two hotel dogs who are friendly and inquisitive. The local residents also like to walk their dogs on the hotel drive

Departing

Don't forget to pack everything in the car, and don't forget favourite toys and blankets
